

## ***Ocean Charter School's North Campus Aftercare***

### Introduction

OCS is very happy to announce that we are offering our own aftercare program for the 2009-2010 school year. Our new program will be overseen by Ms. Dobbs, our wonderful movement teacher. Coach Max will also be involved in the program as both a coach and supervisor. The program offers something for all our students: qualified and nurturing supervision, healthy snacks, homework time and support, and opportunities for enrichment such as sports and theatre arts. We look forward to providing your children the quality aftercare program they deserve.
